

## Disconnect From The Everyday With This Compact Off Road Tourer With Deep Capability

The Canyon Free Camp offers the opportunity for adventurers to explore and be self sufficient off-road. At the core is the renowned Colorado build quality and tough timber frame construction, paired with durable and resilient external finishes and fresh, practical interiors in a compact footprint. Utilizing the ever dependable Preston Chassis with CRUISEMASTER XT Coil Suspension, touring various terrain types with the Canyon Free Camp on tow, is sure to prove a satisfying and carefree experience.

The Canyon Free Camp offers practical touring comforts and an impressive list of standard inclusions, allowing you to explore in remote areas for extended periods. Feel secure and appreciate the satisfaction of having multiple solar panels, batteries and water tanks on board, with provision for generator storage. Respect & enjoy the environment knowing you have ample grey water storage available. Make the Canyon Free Camp your home with a diverse choice of wall, floor, bench top and upholstery colours and textures.
